PROFILE

As a seasoned Senior Mobile Developer, I possess over 5 years of extensive experience across diverse industries such as Finance, Leasing, E-learning, and E-commerce.

EXPERIENCE

MOBILE DEV TEAM LEAD, INFINITY MANAGEMENT, TUNIS – JAN 2022 - PRESENT

- Led end-to-end processes for mobile app development using Flutter for iOS and Android platforms.
- Conceptualized, designed, and deployed visually engaging and feature-rich applications.
- Provided mentorship to the development team, fostering a collaborative work environment.
- Implemented streamlined code review workflows for efficient collaboration.

FLUTTER DEVELOPER, OODRIVE, TUNIS – OCT 2021 - DEC 2021

- Created cross-platform mobile apps for Android and iOS using Flutter.
- Collaborated with a team of five developers on project design, implementation, and ongoing maintenance.
- Employed Git methodologies, specifically Scrum, for efficient project management.

MOBILE APP DEVELOPER, TEAMWILL , TUNIS – MAY 2019 - OCT 2021

- Developed and maintained mobile apps for finance clients (SGB, CGI, Société Générale).
- Collaborated on projects for automotive clients (Renault, PSA), contributing to the development of mobile solutions to improve user experiences and streamline operations.
- Utilized Flutter for cross-platform app development, Android Native (Kotlin and Java) for older applications, and Swift/XCode for iOS app development.
- Demonstrated leadership by guiding and mentoring interns in their project work, assisting them in achieving goals and gaining valuable skills in mobile development.

ANDROID DEVELOPER, SQLI SERVICES , MANOUBA – FEB 2018 - JUIN 2018

- I had the privilege of contributing to a groundbreaking project aimed at enhancing the visitor experience at the City of Culture of Tunis.
